**Production status tracking** - You can now track your article via the publisher's Author Services. Once your paper is with the Production Editor, you will receive an e-mail with a unique code that automatically adds your article to the system when you register. With Author Services you can check the status of your article online and choose to receive automated e-mails at key stages of production. Therefore, please ensure that we have your complete e-mail address. There may be a short delay whilst the article is sent to the Production Editor and logged into the production tracking system. Additional services will be added to the website soon.

**Proofing your manuscript** – *Mind & Language* is included in a new electronic service, "e-proofing". You will receive an e-mail from the typesetter when your article is ready for proofing. You'll receive instructions about how to download your paper and how to return your corrections. Your e-mail address is needed for this vital step, too.

**Reprints and Offprints** - You will receive instructions for ordering offprints when you are notified that your proofs are ready for review.
